

HER PHYSICIAN ADVISED

Taking Lydia E. Pinkham's Vegetable Compound

Columbus, Ohio.—"I have taken Lydia E. Pinkham's Vegetable Compound during a change of life. My doctor told me it was good, and since taking it I feel so much better that I can do all my work again. I think Lydia E. Pinkham's Vegetable Compound a fine remedy for all women's troubles, and I never forget to tell my friends what it has done for me."—Mrs. E. HANSON, 304 East Long St., Columbus, Ohio.

Another Woman Helped. Graniteville, Vt.—"I was passing through the change of life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

TCURE

**Beware of Ointments For Catarrh
That Contain Mercury.**
Mercury will surely destroy the sense of
smell and completely damage the whole
system when entering it through the mucous
surfaces. Such articles should never be used
except on prescriptions from reputable
physicians, as the damage they will do is ten fold
to the good you can possibly derive from
them. Hall's Catarrh Cure, manufactured
by F. J. Cheney & Co., Toledo, O., contains
no mercury, and is taken internally, acting
directly upon the blood and mucous surfaces
of the system. In buying Hall's Catarrh Cure
be sure you get the genuine. It is taken
internally and made in Toledo, Ohio, by F.
J. Cheney & Co., Testimonials free.
Sold by Druggists; price, 75c per bottle.
Take Hall's Family Pills for constipation.

Four letters signed by George
Washington were sold in London re-
cently for \$210. The letters were
addressed to an American and the
dates are between 1777 and 1781.

HOW TO CURE RHEUMATISM. It Is An Internal Disease and Re- quires An Internal Remedy.

The cause of Rheumatism and kindred
diseases is an excess of uric acid in the
blood. To cure this terrible disease this
acid must be expelled and the system so
regulated that no more acid will be formed
in excessive quantities. Rheumatism is an
internal disease and requires an internal
remedy. Rubbing with Oils and Liniments
will not cure, affords only temporary relief
at best, causes you to delay the proper
treatment, and allows the malady to get a
firm hold on you. Liniments may ease the
pain, but they will not more cure Rheu-
matism than paint will change the fibre of
rotten wood.

Science has at last discovered a
perfect and complete cure, which is called
"Rheumaseide." Tested in hundreds of
cases, it has effected the most marvelous
cures; we believe it will cure you. Rheu-
maseide "gets at the joints from the in-
side," sweeps the poisons out of the sys-
tem, tones up the stomach, regulates the
liver and kidneys and makes you well all
over. Rheumaseide "strikes the roots of
the disease and removes its cause." This
splendid remedy is sold by druggists and
dealers generally at 50c. and \$1. bottle.
In Tablet form at 25c. and 50c. a package.

Progress of a Severe Case of Tetter.

Guntersville, Ala., July 14, 1908.
Dr. J. T. Shuptrine, Savannah, Ga.
Dear Sir:—I am glad to say that three
or four boxes of Tetterine I ordered of
you, have personally used, have given
me more relief and seemingly a perma-
nent cure of Tetter and Eczema than I
have had for 25 years for which time I
also had it on my face, neck, arms, legs,
and in my groin, also on my left hand,
and had as I thought destroyed the nat-
ural growth of two of my finger nails.
I now have one of them absolutely cured
and looking as natural as I could ask for.
The other one very much improved. I
also had it on my neck and they are
cured. In the twenty-five to thirty years
I have been embarrassed and tortured
with skin trouble I have consulted and
taken medicine from many doctors, and
bought and used many different kinds of
ointments, but none gave me relief and
satisfaction as your Tetterine has given
me. I would not have but my finger nail
nails just as they were for \$100.00.
Respectfully,
Tetterine cures Eczema, Tetter, Ring
Worm, Ground Itch, Itching Piles, In-
fant's Sore Head, Pimples, Boils, Rough
Scaly Patches on the Face, Old Itching
Sores, Dandruff, Canker sores, Dun-
lions, Corns, Chilblains and every form of
Skin Disease. Tetterine 50c; Tetterine
Soap 25c. Your druggist, or by mail from

THE NEWS IN BRIEF

Items of Interest Gathered By
Wire and Cable

GLEANINGS FROM DAY TO DAY

Live Items Covering Events of More
or Less Interest at Home and
Abroad.

Dr. W. D. Crum, collector of the
port at Charleston, S. C., who was
appointed by President Roosevelt six
years ago, has resigned the office.

Sallie Brown, of Camden county,
S. C., died recently at the ripe age
of 111 years.

An air gun in the hand of Law-
rence Ingram was accidentally dis-
charged Monday, killing his sister,
Mrs. James Turner, in Richmond, Va.

A terrific storm crossed the moun-
tain regions of Tennessee and North
Carolina on Wednesday. It seemed
lifted by the mountains and only
dipped down on the eastern counties
of North Carolina, where it killed
several persons and did great dam-
age to property.

A site just west of Fredericksburg,
called Rowe's Heights, has been se-
lected for a State female normal
school. About forty acres brought
\$65,000.

Alexandria is said to be the only
county in Virginia in which cock
fighting is against the law. This was
brought out in connection with a sup-
posed violation in Norfolk recently.

An explosion of dynamite effect-
ually checked a distressing fire in
Gold Hill, N. C., last Saturday, that
did damage to the extent of \$5,070.

It was authoritatively announced
very recently that the cotton oil mill
at Bamberg, S. C., will be promptly
rebuilt.

Twenty feet of the Mill Springs
railroad bridge, near Old Fort, N. C.,
was burned Sunday morning, and
notwithstanding it spans a deep
gorge, it was ready for use again
within six hours.

Breadus Morehead was killed and
Coley Fisher and Charles Stamey
were cut in a fight at Rutherfordton,
N. C., on Monday.

Robert Amory, of Virginia, was fat-
ally shot by his brother Leroy
Amory, on Tuesday and died that
night. It was the result of ill feel-
ing.

It is estimated that 50,000 people
went to Norfolk to see the big fleet.
There were more than attended the
Jamestown Exposition during the
same length of time.

A furniture exposition began Mar.
1st to last till the 15th, at High
Point, N. C., the great furniture
center of the South.

A fire destroyed the Greensboro
Hardwood Mfg. Company's plant last
week, entailing a loss of \$40,000,
with \$21,000 of insurance.

John Y. Garrington, M. G. Jeanes
and J. Stubb Young have been ar-
rested and bailed in connection with
the Seminole troubles.

"Lucky" Baldwin, who died at
the Santa Anita Ranch, California,
is said to have left an estate worth
\$23,000,000 net.

In Detroit, Michigan, on Tuesday
a primary was held for school in-
spectors in which women are allowed
to vote. A number of them got men
to hold their babies while in the
booth.

Forty-five men were threatened
with destruction at Port Blanchford,
Pa., on Wednesday, by a mine ex-
plosion, followed by fire. Luckily
they found a round-about way of
reaching an exit. Several were seri-
ously injured.

Foreign Affairs.

The German government has in
view airships on the Zeppelin type
to be armed with rapid fire guns with
which to fight infantry in war.

A disease resembling yellow-fever,
but unlike it in that it affects only
natives has broken out in Barbados
Islands, and is baffling scientists to
diagnose it.

The telewriter has been introduced
in London by which messages can
be recorded when your friend of the
other end of the line is out.

Washington Notes.

Rear-Admiral Schroeder has been
designated to command-in-chief of
the Navy to succeed Admiral Sperry,
who has resigned it.

Mr. Taft and family went into the
White House Tuesday as guests of
President and Mrs. Roosevelt.

President Roosevelt held his last
cabinet meeting on Tuesday. It was
more of leave taking and good wish-
ing than a business meeting.

A severe blizzard caused the inau-
guration to take place in the Senate
Chamber and came near dispensing
with the pageant.

Taft, in a current magazine article,
says Roosevelt will have a place in
history with Washington and Lin-
coln.

For a while during inauguration
day the Associated Press wire to At-
lanta was the only line out of the
Capital City that was not put out of
commission by the storm.

DOINGS OF CONGRESS

Summary of Important Proceedings
Enacted From Day to Day.

The sundry civil appropriation bill
passed by the Senate just be-
fore adjournment Monday with
amendments carrying \$40,000 for re-
modeling the White House office
building to give additional room for
the President, and \$25,000 for trav-
eling expenses for the President.

On motion of Mr. Foraker an
amendment appropriating \$120,000 to
pay the Roman Catholic Church in
Rico was adopted.

The authorization for the issuance
of \$30,000,000 of Panama canal
bonds in addition to former authori-
zations was stricken from the bill
on protest of Senator Clay, who criti-
cized the excessive cost of the canal.

The bill which was approved by
the committee on appropriations
Monday morning carries appropri-
ations of about \$139,000,000 and cov-
ers a wide variety of subjects.

The forestry bill that passed the
House Monday afternoon, will die,
it is said, in the Senate. Congress
is playing with this proposition on
purpose. The Senate passes a bill
and the House kills it, and vice versa.
There is very little if any hope of the
present measure becoming a law.
Hackett and Kitchin voted against
the bill, which does not in any way
mention the Appalachian Park.
Messrs. Webb and Thomas, spoke for
it. The bill provides that the Sec-
retary of Agriculture may co-operate
with the States in the organization
and maintenance of a system of fire
protection on any private or State
forest land situated upon the water-
shed of a navigable stream and fur-
ther that he may administer and pro-
tect for a term of years any such
lands. One million dollars is ap-
propriated for the fiscal year ending
June 30th, and each year thereafter
until 1919, a sum not to exceed two
million dollars, for acquiring lands
located on the head waters of navi-
gable streams, or those which are, or
may be developed for navigable pur-
poses.

The deficiency bill, carrying ap-
propriations amounting to more than
\$19,500,000, about \$2,250,000 of
which was added by the Senate, was
passed by the Senate Monday. Sen-
ator Hale met no delay in the dis-
position of the measure, which was
passed after two hours debate.

During the reading of the con-
ference report on the penal code bill
by the Senate Tuesday Senator Tel-
ler took the floor and spoke on the
Panama canal. He contended that
the sentiment in Congress had been
for a sea level waterway at Panama
until the Spooner act of 1902 was
adopted by a small majority. Since
then every six months the plans for
the canal have been changed and
each time the new plan was heralded
as the very best one that could be
adopted.

Mr. Teller said the general con-
struction of the series of locks such
as proposed at Panama was subject
to dangers under any condition. "I
doubt," said he, "whether if the
canal was finished the Secretary of
the Navy would take the risk of send-
ing the ships of the navy through
them."

The ships subsidy bill was re-
jected by the House of Representatives
Monday by a vote of 172 to 175.

The principal feature of the bill
is the provision that American mail
steamships of 16 knots or over and
of not less than 5,000 gross tons shall
be paid \$4.60 per nautical mile out-
ward-bound on routes of 4,900 miles
or upward to South America, the
Philippines, Asia and Australasia.

Congress practically cleared its
desks, both houses working under
high pressure, Wednesday and Wed-
nesday night.

Legislation should be enacted by
Congress giving a permanent charac-
ter to the secret service force of the
government, according to the report
of the select committee of the House
to investigate this force, submitted
to the House Wednesday. The com-
mittee was appointed to investigate
the amount of appropriations devoted
to secret service work and the num-
ber of employees engaged therein.

Behind closed doors the Senate
paid to Vice President Fairbanks one
of the most remarkable tributes ever
given to a presiding officer. He was
presented with a magnificent silver
service, costing \$1,185, as the gift of
the entire body of Senators and with
a loving-cup as the present of the
Democratic members.

The presentation of the silver ser-
vice was made by Senator McCumber.
Senator Daniel spoke for the mi-
nority, dilating upon Mr. Fairbanks'
uniform fairness. He suggested that
if at any time Mr. Fairbanks should
tire of the monotonous service in the
Republican party Democrats would
be glad to welcome him. He fac-
tiously suggested that it would not
be well for Mr. Fairbanks to take
more than one draught from the
flagon before breakfast if it should
happen to get filled with other than
buttermilk.

A bill was passed by the House
Wednesday night authorizing the Sec-
retary of Commerce and Labor to
co-operate through the coast and
geologic survey and bureau of fish-
eries with the fish commissioner of North
Carolina in making surveys of the
waters of North Carolina, where fish-
ing is prohibited by law. The bill
is designed to preserve and increase
the shad supply of North Carolina.

AN APPROPRIATION RECO

Largest in Country's History—Outline of Im-
portant Legislation Enacted.

Washington, Special.—Now that
billion-dollar sessions of Congress
are the rule, little other than ap-
propriation legislation can be en-
acted during the short sessions, and the
one ending this week is no exception.
The appropriations for the session
probably will be the largest on re-
cord, exceeding the \$1,008,000,000 of
the first session. As only one of the
fifteen general appropriation bills of
this session has been sent to the
President for his signature, an ac-
curate statement of the amount to be
appropriated is impossible.

Scarcely any of the general poli-
cies of the country were touched up-
on this session.

The Roosevelt Row.

The discussion in both houses of
the secret service and of the Panama
canal and in the Senate of the
Brownsville affair and of the Ten-
nessee Coal and Iron Company pur-
chase has brought the administration
of Theodore Roosevelt prominently
in view. The veto of the census bill,
because the employees for the taking
of the next census were not to be
placed under civil service regulations,
was another interesting chapter of
the session. The veto of several dam
bills, because they did not recognize
the principles advanced for the con-
servation of water powers, attracted
much attention.

An appropriation of \$800,000 for
the relief of Italian earthquake suf-
ferers was made at the beginning of
the session.

The passage of a law for the sup-
pression of the opium habit in this
country, it is hoped, will exert a wide
moral influence. A law was passed
for the preservation of the Calaveras
big trees in California. Another act
authorized enlarged homestead en-
tries in the arid region of the West.

Penal Code Revision.

It practically is assured that the
monumental work of revising and
codifying the penal code laws of the
United States will be completed at
this session. An agreement has been
reached by the conferees of the two
bodies. As a result of this legis-
lation, the United States government
will, through a "rider," enter the
field of regulating the interstate ship-
ment of intoxicating liquors. An
amendment to the code prohibits
interstate "C. O. D." shipments of
intoxicating liquor, and provides for
the marking of the packages of such
liquors in interstate commerce with
the bona fide name of the consignee
and the nature of the contents. Sev-
eral of the so-called "Ku Klux"
laws are stricken from the statutes
by this revision.

The statehood bill, admitting Ari-
zona and New Mexico, it is conceded,
cannot pass this session.

The fate of the Gallager ocean mail
subsidy bill rests with the House. It
provides for subsidizing mail lines to
South America, Japan, Asia, the
Philippines and Australasia.

Many Bills Will Fail.

Among important measures regard-

"UNCLE REMUS" FARM TO BE MEMORIAL

Atlanta, Ga., Special.—"Snap
Bean Farm and the Sign of the
Wren's Nest," as the late Joel Chan-
dler Harris styled his home, is to be
purchased by the friends of "Uncle
Remus" and presented to the public
as a memorial to the distinguished
writer. The ladies' auxiliary of the
Uncle Remus Memorial association
has undertaken to raise funds for

this purpose and already they are
meeting with much encouragement.

One room in the home will be fitted
up as a library and will contain a
collection of the writings of Mr.
Harris; in another room will be pre-
served many of the personal effects
of the author; another will be used
for a collection of the colonial, Revolu-
tionary and Civil war relics.

BLOODY RIOTING AT THE LISBON CARNIVAL

Lisbon, By Cable.—The carnival
celebrations held in Lisbon last week
resulted in serious rioting and a num-
ber of encounters with the police dur-
ing which numerous people were more
or less injured and about 200 arrests
were made. The assassinations of
February 1st, 1908, were repeatedly
enacted at various points throughout
Lisbon by persons made up to re-
present the late King Carlos and the
Crown Prince. Queen Amelie, Prince
Manuel and the regicides, Scota and
Buisson, as they were attired on the
day of the tragedy, while other

groups carrying coffins containing
skeletons to represent King Carlos
and the Crown Prince gave represen-
tations of the funeral procession to an
accompaniment of blasphemous
songs.

The police were completely taken
by surprise and when they attempted
to stop the scandalous proceed-
ings the rabble fought them. The
police finally had to make
lover of nature and the adjacent
swords. They charged right and left,
and a panic followed. Troops had to
be summoned.

REPORT OF NAVAL COMMISSION GOES TO CONGRESS

Washington, Special. — President
Roosevelt's commission on naval re-
organization, whose final report went
to Congress Saturday, outlined a new
departmental system, which the Pres-
ident declares is sound and conserva-
tive and in full accord with Ameri-
can policy. The President says it
recognizes the complete supremacy
of the civil power as regards the mili-
tary, no less than the civil or manu-

facturing side of naval administra-
tion. It contemplates for the Sec-
retary a general council, a military
council and the redistribution of the
duties of the present bureaus in five
divisions, the chiefs of which are to
compose the grand council who are
to be the assistant Secretary, three
flag officers and another flag officer,
naval constructor or civilian with
technical training.
